Introducing the powerful new Ateri 1040 STE. With such on avesame mochine, we're convinced the only limits you'll come across are your own.

Bosed on the incredibly successful 1040 STFM, the 1040 STE itself goes beyond the large of its predecessor.

The "E", by the way, stands for "Enhance but acce you've discovered its amazing and features, you may consider "Enhanced" to be

Perhaps the most outstanding feature of the 1040 STE is its graphics. Its polette contain over 4000 colours (all right, 4096 to be exact)

inage, the STE feature 'hordwere scrolling', enabling smooth scrolling in any direction and split-scenan effect, And, with the SMI2d monther, you'll gas soon sharp block-out of-white feat thet's os clear as the type on this page.

able to "phase-lock" its video output to an extransi video secree, permit high glassifiniting to a Genicoling device.

The 1040 won't just have your eyes switching in their sockets. Your confusms will

sound.

The new PCM Pulse Coded Modelation) acoust system's two chips allow the 10.00 SIE to replay high-codily sampled acoust, in stemo, without backering the CPU. (Or, for even more of an eartbeating, isot add a couple of RCM acoust looks and power the sounds through your company of the power the sounds through your more control in the company of the power the sounds through your more control in the company of the power the sounds through your more control in the c

Of course we musta't forget memory. O megobyte of RAM comes os standard. E tho not enough, the 1040 STE provides four SIM societis. Simply plug in some SIMM, [Single I line Memory Module] boards and boast it RAM us to lear memolytes.

> To help you handle all this technology, we've added even more: a Bitter chip, capable of shifting data at high speeds independent of

The TOS 1.6 (operating system) has an enhanced his selector with drive change buttons, improved desklop with file move, MS-DOS compatible disk formering, and better application installation and auto-booting facilities.

A you'd opport men's a rigge tagge of periphenis including hard disks, lioppy disk loser printers, colour manitors and eve Megalite 44, Alari's unique 44-megabyt removable hard disk.

STE - we're even throwing in the ST-Series Productivity and leisure bundles free.

The Productivity bundle leasures a database, spread-

features a database, spreadsheet, ward processor and business graphics package, and there's S.T.A.C., FirST BASIC, Hyperpaint and Prince in the

If you're itching to get your hands on the controls, there are two 15-pin analogue controller parts, lythich accept paddles, light-

With adaptors, up to sit sople can use the 1040 at one time. Just it see it's too much for one person to handle.

As \$400.00 to complete and the too much for

The ideal computer at the ideal price, you may thirk. We think so, too, but there remains only one potential problem; not whether you'll make impossible demonds of the 1040, but whether the 1040 will make impossible demonds of you.

Alan prolich.
